Dear Dale,

Thank you very much for the tape which arrived the day after my last letter to you. I must say, I was very impressed with the performance. You and the orchestra did a wonderful job.

Obviously with a student group there will always be lapses technically but the most rewarding thing for me to hear is the intuitive spirit of the piece coming through with such force. You all deserve a large bravo for a job very well done.

Please tell the players I appreciate their efforts and again many thanks to you for the obvious care of your interpretation. I hope that I may have the opportunity of seeing you again in person in the very near future.

Best regards,

Stanley Wolfe

P.S. Boosey & Hawkes have just told me they wish to publish the score of the symphony. It should be out in the fall. I will certainly send you a copy.
