ALAN MARTINEZ, Flute Soloist

Alan Martinez is a senior at Albuquerque High School and has been studying flute for the last five years. Aside from his many music-related activities, he is also a member of MESA (Mathematics, Engineering, Science, and Achievement), a STEM-based organization at his high school. When he graduates this year, Alan plans on majoring in flute performance.

This evening, Alan will be playing Fantasie for Flute by George Hüe, a wonderful piece that leaves plenty of room for expression with its myriad of characters. “Preparing this piece would not have been possible without the help of my incredible private instructor Jesse Tatum. For years now she has patiently guided and supported me while also giving me countless opportunities to further my development as both a musician and a human being.”

Alan would also like to thank all the band directors that he has had the pleasure of working with in the past years, Byron Herrington, Taron Kouri, and Elsie Stott, who have all encouraged him to take his playing beyond an APS band room. “The whole Albuquerque community has been unbelievably supportive, and I am incredibly grateful to everyone for coming together not only to help repair my flute but for giving me the opportunity to travel and audition at every college I applied to.”

Lastly, “I would like to thank my family. For years now they have worked their schedules around rehearsals, lessons, zero hours, football games, and countless other activities, and I am thankful that they have seen my dedication and continue to support me in every possible way.”
Congratulations Desiree
We are so proud and amazed at all you have achieved!
